

Careersinholland – Exposure & Search

Careersinholland.com is specialized in international recruitment of bachelor, master and PhD level candidates in the areas ICT, engineering, science and (multilingual) sales & support. We offer you cost efficient, modular recruitment services for maximum added value against lower costs.

Our offer: “Exposure & search”

Does your company has a lack of applicants responding to your recruitment efforts? Do you want a maximum choice of candidates to select from with minimum efforts? We will not only advertise your jobs effectively but reach out to potential applicants actively as well by searching various resources and approaching interesting people, thus creating a high quality shortlist of potential candidates.

Activities

- Job advertising on Careersinholland.com, including company logo if preferred.
- Multiposting on 20+ additional job boards, social media and verticals/aggregators.
- Your vacancy highlighted in our regular newsletter towards 15.000+ candidates in base.
- (Pro)active search & hunting (various external CV databases such as Monsterboard, and social media).
- “Call to action” towards possibly suitable applicants, to entice them to apply directly.
- Search & selection based on the following criteria:
 - Education
 - Work experience
 - Language skills
 - Tools / SW skills
 - Work permission & package
 - Additional client specific search criteria

Result

Maximum exposure within, and activation of, your target audience. Significant increase in response to your job advertisement. Low risk through guarantee

Rates

€ 995,- per vacancy for a period of 5 weeks/35 days.

Guarantee: if no application is received of suitable applicants (based on hard criteria as represented in the job description), **we will return 500,-** (except if job is closed between 3 days and 3 weeks after start of the assignment).

Included: vacancy rewrite (if necessary) for search engine optimization and to reduce non-relevant response

Discount: in case of multiple vacancies, please discuss the possibilities with us.
